

*“How do you know you’re the exemplar or need improvement if you don’t compare yourself with your Australian & New Zealand peers?”*

**What does Health Roundtable provide?**

- Large scale data collection, cleansing & data aggregation
- Professional interactive and static reporting providing analytical insights for decision making
- Report benchmarking against peer facilities including identifying exemplars to facilitate best practice through innovation and collaboration
- Facilitate improvement group workshops for collaboration of innovative solutions to improve client care

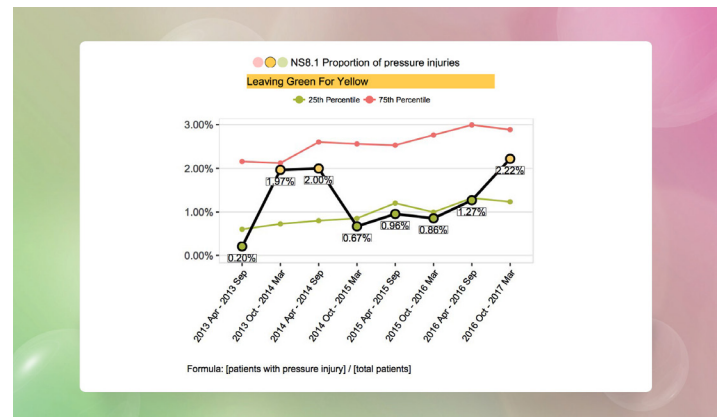

**The Benefits of Benchmarking**

- Independent perspective on performance compared to other Australian & New Zealand health services
- Standardised set of processes and metrics
- Highlight successful performance for celebrating
- Identify performance gaps for improvement
- Set and monitor performance expectations
- Encourage a mindset & culture of continuous improvement

**Patient Safety Benchmarking Reports**

**Includes analysis of:**

- Mortality
- Unplanned Readmissions
- Hospital Acquired Complications
- Surgical Safety Indicators
- Access to participate in the annual Workshop; unlimited delegates at a modest per head cost
- Advice and support to develop practical action plans to improve your service over the next year

**2020 Improvement Group & Workshop**

The Patient Safety Improvement Group aims to address National Standards (NSQHS) and support hospital leaders in the continuous risk management improvements to patient safety and reduce variation. Members of the Patient Safety Improvement Group meet annually to share ideas and innovations that focus on improving the safety and quality of care within their health services.

At the meeting members will share experiences and information on implementing innovative and effective practices and review results from the redesigned Patient Safety report that is provided yearly.

**The Patient Safety Improvement Group is orientated to the following roles:**

- Patient Safety Director
- Quality and Innovation Director
- Medical Directors
- Clinical Managers
- Director of Clinical Governance
- Director of Medical Services

**What Group Subscribers receive**

A personalised annual benchmarking report identifying exactly how your facility compares with other hospitals across Australia and New Zealand, highlighting key areas for you to focus your efforts on.

**The benchmarking report for this group gives member hospitals a benchmarked snapshot in relation to:**

- Shared data from our member organisations built into reports based on recommendations from The Australian Commission on Safety and Quality in Health Care that provide insights, create benchmarks and identify opportunities for improvement
- Access to participate in the annual Workshop; unlimited delegates at a modest per head cost
- Advice and support to develop practical action plans to improve your service over the next year

**How to subscribe and attend**

Subscription to the Innovation Group	<b>A\$5,450 excl GST</b>
Workshop attendance	<b>\$415 per delegate</b>
