The Subacute Improvement Group aim is to improve the provision of high quality care by sharing information on implementing innovative and effective practice.

This group is dedicated to connecting data and service providers across the system to ensure Subacute services deliver *“the right care to the right people at the right time”*. This years Subacute Improvement Group will continue the progress made in previous meetings by:

- Developing specific Subacute benchmarking reports that focus on quality and safety of patients
- Examining and benchmarking different models of care
- Collecting and benchmarking a consistent and complete data set of SNAP coded patient data
- Measuring and benchmarking performance across the total patient journey including ED, acute, Subacute and outpatient care
- Working with key partners

The Subacute Improvement Group meeting is an excellent forum for discussion and a great opportunity to hear from leading experts in the field and share innovations from our membership. We hope you can join this growing group and share your wisdom as well as gaining new knowledge from your peers.

## Subacute Benchmarking Reports

The Subacute Care suite of reports produced six monthly, complement the HRT core reports. This comprehensive suite of reports are essential for those hospitals with subacute activity as they include analysis of ALL subacute episodes.

The 2018/2019 suite of subacute cover:

- SNAP Top 10 codes
- SNAP Inpatient Briefings
- SNAP Inpatient Specialty Briefings
- Subacute Inpatient Briefings Care Type
- Major Complications (HAC) Analysis
- Hospital Acquired Complications Report – Subacute Services
- CHADx Analysis
- Subacute National Standards
- Feed In Subacute Reports
- Subacute Pivot Analysis
- All Care Type Analysis

# Subacute Improvement Group

## Hospital Acquired Complications – Subacute Services (New 2018)

### What do you need to do?

- ❑ Designate a subacute liaison representative to act as a key contact with The Health Roundtable on meeting attendance, data and survey submissions, definitions, practices and policies
- ❑ Regularly review updated reports and ensure distribution in your organisation
- ❑ Report progress on current Aim Statements and improvement plans
- ❑ Identify an innovative idea for implementation to improve patient outcomes
- ❑ Organise a delegation of up to four people to attend the annual workshop

### What does The Health Roundtable do?

- ❑ Produces periodic reports highlighting Subacute performance within the total patient journey
- ❑ Invites expert speakers who can share innovative ideas on key topics for workshops
- ❑ Facilitates the annual meeting and assist in identifying and sharing innovative practices
- ❑ Provides ongoing support around data and reports

The Health Roundtable helps health executives learn how to achieve best practice in their organisations. We collect and analyse operational and clinical data of our member organisations to search for innovations in patient care. We promote collaboration and networking amongst health executives and staff through our roundtable meetings, workshops, and other activities.
